

Enhance Plant Growth And Stress Resistance Organically

8-0-4 provides organic Nitrogen and Potassium to promote plant growth and enhance stress resistance. The L-Amino Carbon Complex of short, medium and long Carbon chains ensure both immediate and steady nutrient release granular fertilizer.

All nutrients release at the same rate over product life

Only premium meals and L-Amino Acid based microbial protein

Very low dust and mower pick-up

Effective even in colder temperatures

Consult your distribution representative or agronomist for application recommendations.

Super-Fine Grade For Golf Greens & Tees

Standard Granule Grade For Fairways, Roughs and Landscaping

ANALYSIS

Total Nitrogen (N)	8.0%
7.4% Water Insoluble Nitrogen	
0.6% Water Soluble Nitrogen	
Soluble Potash (K2O)	4.0%
