

# Protene®

## Performance Fertilizer

### AGRONOMICS

- ✓ Homogenous and consistent granular product
- ✓ Provides consistent nutrient release characteristics
- ✓ New, modern efficient components

### ENVIRONMENTAL

- ✓ Driven by carbon based components and technology
- ✓ Excellent technology that utilizes by-products products like Sunflower Seed Hull Ash and Iron Humate
- ✓ The use of Protene fertilizer allows for the building up and replenishing of the carbon in the soil, rather than the “overstimulated” reductions cause by synthetic programs.

### ECONOMICS

- ✓ Labor savings – spoon-feeding granular!
- ✓ One to four applications per year rather than weekly applications.

# Protene™

## Turf-Gyp+

### AGRONOMICS

- ✓ Produced in the nation's newest, and most modern fertilizer production facility
- ✓ New **Turf-Gyp+** is the highest purity dihydrate gypsum product available with the highest concentration of nutrients: Calcium 22%, Sulfur 19%
- ✓ Consistent, uniform granular (90, 150, 200, and 300 SGN prill)
- ✓ No heavy metal concerns

- ✓ Most soluble and plant available gypsum product on the market. 80% soluble in one hour!
- ✓ Promotes retention and uptake of nutrients
- ✓ The BEST soil remediation tool for sodium, bicarbonate, and salt issues
- ✓ **Turf-Gyp+** is a near neutral PH product that addresses soil PH. It deals with the underlying cause of soil PH problems

### ENVIRONMENTAL

- ✓ **Turf-Gyp+** is derived from a high purity recycled product, rather than from a mined, or flu-gas recovery product.

introducing

*our* **BIG 3**

### ECONOMICS

- ✓ FOR THE FIRST TIME the industry has an affordable tool for providing plant available calcium and sulfur on large playing surfaces
- ✓ Greater uptake of nutrients, allowing for less fertilizer, and less labor!

- ✓ Use less fungicides, as a result of improved disease resistance
- ✓ The most efficient manner of providing ample quantities of calcium and sulfur

## Performance Fertilizer

All products manufactured with patented technology.

### ORGANIC

- **6-5-6 Myco**
- **6-5-6**
- **0-5-34**
- **8-0-4**

### HYBRID

- **0-0-7**
- **12-0-24**
- **14-0-12**
- **15-22-10**
- **19-0-19**
- **19-2-19**
- **6-0-0 + 14% Fe**
- **20-0-5 + 4% Fe**

### FOLIAR

- **14-0-6**
- **4-0-2**
- **2-0-0 LPH**

### SOIL AMENDMENTS

- **Soil Enhancer Max**
- **Turf-Gyp+**
- **MicroPackG**
